William Irwin Thompson, author of On the Edge of History "Schwaller de Lubicz is one of the leading thinkers of the 20th century whose greatness, unfortunately, is not yet fully recognized, although readers who know the Sacred Science and the Symbol and Symbol treasure them as works of art. teachers. In more than 1000 pages of text, illustrations and photographs, De Lubicz demonstrates the powerful spiritual and philosophical heritage of ancient Egyptian civilization." "Schwaller's great synthesis reveals, once and for all, the scope and meaning of the knowledge of Ancient Egypt." "Le Temple de l'homme by Schwaller de Lubicz is an absolute necessity for all who are interested in the search for the truth about Ancient Egypt and its fundamental place in the development of the cosmic drama and the human search for immortality and spiritual perfection. A. I can't do anything to change you now, but I can improve you by improving myself. I am updating this review and reducing it to 4 stars. Here it is at last!" Robert G. The work of Schwaller de Lubicz stands in our time as an unsurpassed blend of objective scholarship and philosophical vision." Jacob Needleman, author of Time and the Soul "In The Temple of Man, renowned Egyptologist R.A. Schwaller De Lubicz offers an exhaustive study of the Temple of Amun-Mut-Khonsu in Luxor. It was this great science based on an intimate and accurate knowledge of cosmic principles that merged art, religion, science and philosophy into a coherent whole and sustained Ancient Egypt for three thousand years." John Anthony West, author of Serpent in the Sky "Schwaller de Lubicz's great work, based on a remarkable understanding of the science and philosophy of the ancient world, paves the way for a complete reevaluation of Egyptian civilization, revolutionizing our vision of the Ancient Egypt." John A. Michell, author of The New View Over Atlantis In the First Renaissance, the came back to the knowledge of the ancient Greeks. I have spent hours and hours on it and I am proud to be on page 60 (when I wrote this for the first time). Sacred geometry, Egyptian cosmoivision, doctrine of the study of man as universe. The best quote so far: You are I, we are not two. ...more Schwaller's research and intuitions of Lubicz must be placed alongside Evans-Wentz's recovery of esoteric knowledge of Tibet. But his greatest and massive achievement is The Temple of Man, surely one of the seminal works of the last half century. This is an eternal work, just as Egypt is eternal. Entering the minds of the ancient Egyptians through this door will lead any reader to an enchanted realm where form and structure have life, where the stone breathes and perspires, and where the beating heart of traditional wisdom still beats between the sands". Robert Temple, Las F&A; Translator Complete Bullets of Aesop and Author of The Mystery of Sirius This book is astonishing in its achievements, and staggering in the effort it requires of the reader. For years we have all been waiting for an English translation. In the identity of form, in the origin and in the end, we are one. I am responsible for your evil and your good, for your truth and your falsehood. I can do This book is astonishing in its achievements, and staggering in the effort it demands of the reader. After spending a lot of time with this, with its undeniable revelations and its transmittive power, I feel that there is an aspect of sacred geometry where, without knowing what was in the builder's mind, after all you can apply analytical tools and maybe find a meaning and an order that the builder has not consciously wanted, and I think some of that is evidenced here construction not all the meaning is aware. It's worth it, but a lot of work. How to Know Higher Worlds There is dream in every powers

through which it can acquire the necessary She herself a knowledge of higher worlds. The first book of his book "This amazing and monumental book helps us to understand not only the greatness of Egypt, but also the depths of the human soul. Because true science, as conceived, is capable of generating those perceptions à € € "In fact, it requires that they be generated." À € à €> Gnosis "Magazine" In my opinion, the temple of man is the most important work of the erudition of this century, as an inspired analysis, so I know, a transmission. A. Schwaller De Lubicz finally proves the existence of the legendary 'sacred science' of the ancients and systematically demonstrates its modus operandi. Bauval, author of the Mystery of Oríón; Unlock the secrets of the pyramids and the message of "The text of Schwaller demands that it is not just read, but it is 'thought together with'. The scientific writings of it contain phelic and spiritual ideas that touch the soul. Mostics, gnostics, Teosophos - Everyone speak of a world of soul and spirit to increase their spiritual strength Awakening its hidden potential and fulfilling its destiny
